PRODUCT FOR HEALTHY LIFE

自然の恵みと脈々と流れる伝統の技から創り出される「本場の味」を求め、ヨーロッパをはじめ世界各地に足を運んでいます。それぞれの土地で生まれ、人々の食文化をしっかりと支えてきた良質の食材を発掘し、日本の食卓にお届けしています。

私たちは、美味しさは自然の素材にありと考え、オーガニックの食材や加工食品についても積極的に取り組んでいます。「本場の味」と健康を基本におき、今後も世界の新しい味を発信し、もっと多くの人々に“食の楽しさ”を提供しつづけていきたいと思っています。

Searching for the “real taste” in quality foods created from the blessing of nature and by long-established traditional cooking techniques, we have been traveling around the world to seek out these foods. We have found many regional quality food items that support the culture of these regions, and have delivered these to the tables of the Japanese people. Based on the belief that good taste is realized only by natural food materials, we actively deal with organic food material and naturally processed foods. We will continue to offer you a world new tastes, bringing regional “real taste” and health to your table. Through our “real taste” activity, we wish to provide more and more people with our quality food products.
